The Plot to Kill One of the Very Few Remaing Witnesses to Truther

This follows attemtps on my life by the US Secret Service Lina Alathari. When I had A1c 13.3 and at high riskf or heart attack or stroke she and Penny Ashley and my broth cut gym and diet funds. With high blood pressure now again I am being sabotaged by those who say they workd for either the Secret Services or Defense Clandestine Service. Excuses are made to cut the rug out from under me, in my office, in my home, or in the gym.
